EXPERIENCE

Social Media Manager and Graphic Designer

2026 – Present

Kato.8 Studios

- Design marketing graphics, promotional assets, and social media visuals aligned with the studio's brand identity
- Structure design files and digital assets for developer implementation and Webflow integration
- Collaborate with developers and stakeholders to translate product features into engaging visual storytelling
- Produce and edit short-form video content and promotional media for marketing campaigns across Instagram, TikTok, X, LinkedIn, and BlueSky
- Shifted content strategy toward current short-form trends, increasing average video views from 200-300 to 1,000-2,000 per post
- Maintain consistent brand visuals across marketing materials and digital platforms

Website Designer

2025 – 2026

Ao Dai Festival

- Redesigned website structure and mobile experience to improve event information accessibility and user navigation
- Developed modernized typography systems and visual hierarchy while preserving cultural authenticity
- Streamlined volunteer intake workflows and online forms to reduce friction and improve operational efficiency
- Designed visual assets and digital graphics supporting event marketing and community outreach
- Partnered with marketing and community teams to ensure messaging consistency across digital platforms

Digital Content Creator

2021 – Present

Self-Employed

- Produce multi-platform video and visual content reaching 1.9M+ followers across TikTok (1.4M), Instagram (490K), and YouTube (50K), with over 100M total interactions
- Manage full content production pipeline including research, scripting, filming, editing, motion graphics, publishing, and performance analysis
- Published 1,500+ pieces of short-form content across platforms through strategic planning and consistent scheduling
- Collaborate with brands and entertainment partners including Live Nation, KCON LA, and Hapa Kristin on promotional campaigns
- Coordinate creative shoots including choreography direction, studio setup, and post-production workflows

PROJECTS

StepSync Platform

June 2025 – August 2025

- Conceptualized and designed a Figma app prototype for dance teams to track and manage auditions, including a full design system and verified identity infrastructure

Next.js and React Development (Portfolio Project)

2023 – 2025

- Built interactive case studies showcasing AI-assisted workflows and UI/UX research methods
